PROFESSIONAL EXPERIENCE

Webmaska

React Intern

Jul 2025 – Jan 2026

Gurgaon, Hybrid

- Built single-page portfolio showcasing client services and projects in a clean, responsive layout.
- Implemented smooth section-based navigation with React Router and developed reusable UI components for optimized, responsive layouts.
- Contributed to existing client projects by enhancing UI components, fixing frontend issues, and implementing responsive design improvements across multiple pages.

Rifcare Tech Pvt. Ltd

Intern

Feb 2025 – Jul 2025

Gurgaon, Offline

- Built core Zipndgo modules including Login/Signup, product listing, order flow, and notifications.
- Integrated REST APIs, improved state management, and collaborated with backend teams for a responsive, stable interface.

PROJECTS

Front Arena 🛠 | React, Tailwind CSS, Monaco Editor

- Developed a web-based frontend playground enabling users to write and test HTML, CSS, and JavaScript code in real time.
- Integrated Monaco Editor to provide a feature-rich coding experience with syntax highlighting and improved readability.
- Implemented a live preview system to instantly reflect code changes without page reload, enhancing interactivity and user experience.
- Designed support for a multi-file structure, allowing users to manage separate HTML, CSS, and JavaScript files similar to real-world workflows.

Job Portal 🛠 | React, Node.js, MongoDB

- Developed a full-featured job portal platform enabling students to search and apply for jobs, while recruiters can post and manage job listings.
- Implemented role-based authentication and authorization, providing separate dashboards for students and recruiters.
- Designed a responsive and interactive user interface to enhance user experience and engagement.
- Built key features such as job listing, application flow, and recruiter job posting, simulating a real-world recruitment system.
