EDUCATION

Deenbandhu Chhotu Ram University of Science and Technology

2022-2025

Bachelor of Technology in Computer Science and Engineering

Haryana, India

Birla Institute of Technology

2019-2022

Diploma in Computer Science and Engineering

Jharkhand, India

PROFESSIONAL EXPERIENCE

Webmaska

Jul 2025 – Jan 2026

React Intern

Gurgaon, Hybrid

- Built single-page portfolio showcasing client services and projects in a clean, responsive layout.
- Implemented smooth section-based navigation with React Router and developed reusable UI components for optimized, responsive layouts.
- Contributed to existing client projects by enhancing UI components, fixing frontend issues, and implementing responsive design improvements across multiple pages.

Rifcare Tech Pvt. Ltd

Feb 2025 – Jul 2025

Intern

Gurgaon, Offline

- Built core Zipndgo modules including Login/Signup, product listing, order flow, and notifications.
- Integrated REST APIs, improved state management, and collaborated with backend teams for a responsive, stable interface.

PROJECTS

Front Arena 🐙 | React, Tailwind CSS, Monaco Editor

- Architected a real-time web-based code editor using modular **React components**, ensuring the delivery of **clean, efficient, and well-documented** code.
- **Debugged and optimized** the live-preview system to handle concurrent code injections across HTML/CSS/JS without page reloads, enhancing application performance.
- Integrated Monaco Editor with a multi-file structure logic to simulate real-world developer workflows and improve syntax readability.

Job Portal 🐙 | React, Node.js, MongoDB

- Developed a full-stack recruitment platform using the **MERN stack**, implementing **REST APIs** to manage complex data-driven features and large datasets.
- Designed secure, role-based authentication and authorization flows, maintaining **data integrity** for distinct student and recruiter dashboards.
- Utilized **Postman** for comprehensive **API testing** and troubleshooting, ensuring seamless communication between the frontend and the database.
- Followed **best practices for version control using Git**, participating in iterative development and troubleshooting to deliver scalable solutions.
- Applied **Data Structures** and logic to build an automated application flow, simulating professional recruitment systems.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript

Backend: Node.js, Express, Rest Api

Frontend: React.js, Redux, Tailwind Css

Tools: Git(version Control), GitHub, Postman, Redux Dev Tool

Databases: SQL, MongoDB

Core Fundamentals: OOP, DSA, SDLC
